

9th LABORATORY COURSE ON DIELECTRIC SPECTROSCOPY

May 27- 31, 2019
San Sebastián, Spain

Fundamentals on polarization phenomena, dielectric relaxation and instrumentation &

Hand-on experience with sample preparation, experimental measurements on several dielectric equipments and data analysis at

University of the Basque Country, San Sebastian, Spain

The course is open to researchers and graduate students in Physics, Chemistry, Materials Science or Biology.

Organizer

Material Physics Centre (CSIC-UPV/EHU)
Paseo Manuel de Lardizabal 5
E-20018 San Sebastián (Spain)
